

## **URGENT Get Ready It Is Coming!**

7-25-24 message from Jesus to Mother Clare

I'm here Lord.

Jesus began, "It's coming Beloved. Get ready."

My precious family, Get Ready! Pray continually, the Jesus Prayer, Tongues, the Divine Mercy Chaplet, and enlist Our Lady's intercession from Heaven, the

Rosary...pray..pray..pray.

**WORSHIP...PRAY...WORSHIP...PRAY**

Be ready for the nation to be in civil war, then nuclear war. Keep praying for President Trump, but be ready for the worst. To the degree that you pray to that degree will you and your loved ones be protected. If you are on the East Coast, if something happens to Donald, leave the east coast without delay, I mean within hours. Do not depend on a coastal area for protection because very soon it will be flooded, rather be on high ground. Keep your gas tanks full, get your bug out bags ready, make arrangements to be in touch with family and to meet somewhere if communications break down.

There is a very slim chance Donald will make it to office but as of this moment that is not what the Lord is saying. Dear ones, not enough people are praying, travailing prayer is what is needed. Dear God put a spirit of travail on all Heart Dwellers. Nothing short of thousands of Christians travailing will stop what is coming.

Don't worry about your life, God has got that. Pray for others, worship the Lord in Spirit and in Truth, pray without ceasing. Be ready spiritually for anything that could happen.
